

Job Title: Demand Generation Executive (B2B international Lead Generation)

Summary: The Demand Generation Executive plays a crucial role in identifying and qualifying potential customers through outbound BANT (Budget, Authority, Need, Timeline) calls to international markets. This role requires strong communication, research, and interpersonal skills to effectively engage with prospective clients and generate qualified leads for the sales team.

Minimum Eligibility Criteria:

- Bachelor's degree in Marketing, Business Administration, or a related field.
- Exceptional communication and interpersonal skills with strong English proficiency (both written and verbal). (Mandatory)
- Proven experience in outbound sales, lead generation, or business development, preferably in an international B2B environment. (preferred)
- Strong understanding of sales methodologies and the BANT framework. (preferred)
- Experience as an Appointment Setter or Lead Generation in B2B-IT company. (preferred)

Key Responsibilities:

- **Lead Generation:** Conduct outbound BANT calls to identify and qualify potential customers in international markets.
- **Research & Prospecting:** Research target accounts, identify key decision-makers, and build prospect lists.
- **Lead Qualification:** Qualify leads based on predetermined criteria, such as budget, authority, need, and timeline.
- **Data Management:** Maintain accurate records of all prospecting activities, including call logs, lead information, and campaign results.
- **Market Research:** Stay updated on industry trends, competitor activities, and market dynamics in target regions.
- **Communication & Reporting:** Communicate effectively with sales teams, providing them with qualified leads and relevant market insights.
